

Professional & Business Services

NAICS Codes 5411 through 5419, 5611, 5612 and 5614

Note: Does not include Employment Services

Industries in the **Professional & Business Services** group include establishments engaged in processes where human capital is the major input. These establishments make available the knowledge and skills of their employees, where an individual or team is responsible for the delivery of services to the client. The individual industries of this subsector are defined on the basis of the particular expertise and training of the services provider. The distinguishing feature of the **Professional, Scientific, and Technical Services** subsector is the fact that most of the industries grouped in it have production processes that are almost wholly dependent on worker skills. Thus, the establishments classified in this subsector sell expertise. Much of the expertise requires degrees, though not in every case. Industries in the **Administrative and Support Services** subsector group establishments engaged in activities that support the day-to-day operations of other organizations.

Employment: Professional and Business Services industry employment grew by 90.9% between 1992 and 2012, by adding 24,114 jobs.
